## WORK EXPERIENCE

**Manager**

Fahmee Bakery    JUL 2021 - JAN 2023

I landed my first job in Canada as a kitchen helper and after some months I became the manager of the restaurant, as I was able to work very well with my team, communicate with costumers, food suppliers and improve my skills and time management while working.

## PROJECTS

- **JavaScript Code Quiz**    Github    Website

The quiz tests the user's knowledge about JavaScript. If the user chooses the wrong answer, he will have fifteen seconds less than his current time to complete the challenge.

- **Bootbank**    Github    Website

A banking app that features a login page and a full dashboard allowing users to track transactions, send money to their contact list, convert money and ask our support staff important questions.

- **Password Generator**    Github    Website

An application that helps users to generate safe passwords with lowercase and uppercase letters, numbers and symbols.
